

## OUR COMMITMENT

- ▲ a healthy, safe and nurturing preschool atmosphere that instills curiosity and a love of learning
- ▲ a physical indoor and outdoor environment designed specifically for young children
- ▲ experienced and educated teachers who are dedicated to the education of young minds
- ▲ a high level of communication between staff, parents, administration and students
- ▲ a balanced program focused on educating the whole child: academically, physically, socially, emotionally, and spiritually
- ▲ a well-rounded program that includes creative art, literacy, math, science, social studies, drama, music, dance, physical education, technology, Jewish education, Hebrew and free play
- ▲ a developmentally appropriate approach to preparing children for future success in school - we make learning fun!
- ▲ an atmosphere that promotes positive socialization, independence, and self-esteem
- ▲ optional after-school enrichment programs and extended day care

## OUR PHILOSOPHY

The Morasha Early Childhood Center is committed to instilling children with a love of learning while immersing them in a warm, nurturing, creative, stimulating, and safe environment.

Morasha provides young children with a quality early childhood education including an introduction to Jewish holidays, values, and traditions. We believe in educating the whole child through a developmentally appropriate balance of guided exploration, discovery, and free-play which prepares them for continued success throughout school. Morasha's Early Childhood teachers are qualified and experienced. They encourage the physical, social, emotional, and intellectual development of each child while treating the children with respect, love, and genuine caring.

## OUR FACILITIES

Our early childhood classrooms offer a healthy and safe environment for our children. The rooms have various learning centers and play areas, as well as bathroom facilities. Our outdoor play area includes climbing structures, a sandbox, a water table, bikes, wagons, balls, playhouses, a painting wall, covered tables, and grassy activity area.

# OUR *early* CHILDHOOD PROGRAM
